

Turn Around Times

- Rapid TAT on emergency cases
- Dedicated specialists with a full backup of radiologists ensures we deliver on our commitment to TAT, unlike local groups that don't have a similar scale
- Trained staff that have years of imaging center workflow experience to ensure cases are read quickly and efficiently
- Full visibility into TAT and options to easily track reports online

Peace of Mind

- Dedicated toll-free number with a live human who is always available to assist you
- Centralized email address for all your communication, avoiding the need for remembering multiple contacts
- Easy to use, hassle-free technology
- Straightforward billing process that is easy to verify
- Credentialing staff to speed up any paperwork process
- Options to receive reports via secure email notifications, fax or online viewing

What Our Clients Think of Us...

"We are very impressed with the technology that Advanced Telemed Services has as well as the personal services and accurate reporting"

"One of the first companies to offer a truly specialized team of breast imaging radiologists services via telemedicine. Truly unique and more importantly they are efficient, accurate and extremely timely"

"We are impressed with the ease of using Advanced TeleMed Services for our radiology needs. Their services are timely and accurate. Our patients are very pleased"

"The radiologists are superb in their expertise in providing thorough and comprehensive radiology reports in a timely manner. The support staff provides exceptional administrative support"

"We have been very impressed with the precision and timeliness of the reports. Their reports for all of the modalities including MRI, CT, X-ray Ultrasound and Mammograms are very accurate and detailed for our referring doctors. The staff is also very experienced, professional and personable"

"Our breast imaging studies are read within the same day. They went out of their way to help my technologists understand things. Their radiologists are willing to spend time training our team to deliver the best patient care"

Imaging Centers*

ABOUT US

Advanced Telemed Services provides image interpretation services through teleradiology on behalf of imaging centers throughout the United States. Covering all 50 states, our U.S. Board Certified, fellowship-trained radiologists deliver the accuracy and level of detail you need to ensure a high standard of patient care. Our teleradiology services cover all modalities and reports are fast, clean and answer the clinical question. Contact us today to learn how we can assist you in providing the best possible care for the patients you serve.

WHY CHOOSE US FOR YOUR IMAGING CENTER?

Diagnostic and 2nd Opinion Report Quality

Rapid Turnaround Times

Services Customized to Your Needs

Radiologist Access

Competitive Pricing

Peace of Mind

Server Reliability

Report Quality

Quality starts with our team of radiologists who...

- Have over a decade of experience in reading for imaging centers—we know what your referring physicians need
- Are American Board Certified and fellowship trained sub-specialists including MSK, Neuroradiology, Body Imaging and Breast Imaging
- Are willing and happy to speak with your referring physicians to understand their needs and customize reports as per their requirements

Customized to Your Needs

We personalize our services to your needs including...

- Radiologists developing a personal connection with your referring physicians
- Highly customized report formats that meet the needs of your referring physicians in content and format
- Appropriate recommendations for follow-ups and further evaluations
- Radiologists available to discuss imaging protocols with technologists

Access to Radiologists

- Our radiologists are familiar with the high-touch requirements of imaging center clients and are always available to speak with both your staff and your referring physicians
- Regular meetings and follow-ups to ensure there is a strong line of communication between our radiologists and your team
- Well established critical findings protocol and communications from interpreting physician to referring physician

Competitive Pricing

- Our low overhead and customized workflow allows us to offer competitive pricing without a compromise on quality
- No hidden costs and completely transparent pricing
- No added costs for sub-specialty radiologists
- No sudden price increases—we deliver what we promise at the price we promise

Server Reliability

- HIPAA compliant and fully secure servers
- 24X7 tech support including live human availability
- Redundant servers with fail over configuration
- Strong mechanisms and processes to protect data security
