PSYCHIATRY SOLUTIONS FOR MENTAL HEALTH CLINICS

*Delivering High Quality
Psychiatry Services via Telemedicine*

ABOUT US

Advanced Telemed Services provides mental health care through telepsychiatry on behalf of medical facilities throughout the United States. Our professional services extend the capability of our clients to ensure they are able to affordably provide the highest level of care in a broad array of subspecialties, including child, adolescent, adult, geriatric, addiction and others. We also offer coverage for emergency rooms so they are able to admit, transfer or discharge patients after hours. Contact us today to learn how we can assist you in caring for the mental health needs of the patients you serve.

WHY CHOOSE US FOR YOUR MENTAL HEALTH CLINIC?

Right Resourcing
Model-Psychiatrist/s
and Nurse Practitioners

Server Reliability

Services Customized to
Your Needs

Flexibility in
Scheduling

Peace of Mind

Optimal Resource Model

- Resource model is customized to consider your budget constraints, demographics, clinic setting and goals
- We find the right balance to ensure involvement of a board-certified Psychiatrist for your facility in an appropriate capacity with a goal of delivering high quality patient care for your specific setting
- Our Psychiatrists are familiar with the unique requirements of telemedicine and are adept at ensuring patients are comfortable within a telemedicine environment
- Our Nurse Practitioners are specialists in psychiatry services and have experience in providing telemedicine services
- We work with you to ensure that all state and federal requirements are met and that recommendations are in line with those requirements

Flexible Scheduling

- On-demand or scheduled timing blocks—recommended based on your budget and clinic setting
- Options to use providers during normal business hours or after hours and weekends
- No need to commit to a full day of coverage

Customized to Your Needs

We personalize our services to your needs including...

- Well-defined workflows and training for your staff to handle post session queries and help familiarize patients to a telemedicine setting
- On-time delivery of progress notes and prescriptions dependent on your clinics' needs and state-mandated processes
- Option to use as much or as little of our technology as needed dependent on your unique settings and availability of internal tools
- Availability of Psychiatrists as Collaborating Physicians, Medical Directors or for monthly clinical process consults as per your requirements

Technology Reliability

- Ease to use multi-platform support including MAC and Windows
- 24X7 IT availability and upfront installation and training
- Tailored HIPAA compliant technology platform that is encrypted end to end over a secure SSL/TLS connection with a 256-bit encryption
- Technology that meets federal government guidelines in security and satisfies the 'Safe Harbor' rule outlined in the HITECH amendment to HIPAA
